

LOMORO STEPHEN ROBERT

Arua, Uganda

Phone: +256762290095

Date OF Birth: 19/01/1999

Email: lomorostephenrobert@gmail.com

OBJECTIVE

As a recent graduate in Information Technology, I'm looking for an opportunity where I can apply what I've learned, grow through hands-on experience, and be part of a team that values innovation and continuous learning. I'm passionate about using technology to solve problems and derive meaningful change. I am ready to take on a full-time position and committed to giving my best from day one.

WORK EXPERIENCE

Stratcom | IT intern

Makerere Kivule, Kampala | June – July 2022

- Assisted in troubleshooting and resolving technical issues for end users, improving overall IT support efficiency.
- Provided hardware and software support, including installation, configuration, and maintenance of IT systems.
- Supported system maintenance and software updates to enhance network security and performance.
- Monitored and maintained network infrastructure, including routers, and switches, to ensure smooth operations.

ICAP at Columbia University | Enumerator (interviewer)

October – December, 2021

Location: Adjumani and Rhino Camp, Arua, Uganda.

- Conducted face-to-face interviews to collect accurate data from respondents.
- Built rapport with participants to ensure honest and reliable survey responses.
- Organized and managed survey respondents to ensure a diverse and representative sample.
- Ensured compliance with survey protocols and ethical guidelines while maintaining respondent confidentiality.
- Accurately recorded responses using digital tools and paper-based forms for data analysis.

- Collaborated with team members to refine survey techniques and improve data collection efficiency.

Water Mission Uganda | Hygiene Promoter

January, 2020 – May, 2021

Location: Zone Four Village Five, Bidibidi Refugee Settlement, Yumbe District, Uganda.

- Organized and facilitated community meetings and hygiene promotion sessions to educate individuals on proper sanitation and hygiene practices.
- Managed distribution of hygiene kits and ensured proper utilization through training and demonstrations.
- Identified and addressed hygiene-related challenges in communities, providing practical solutions to improve sanitation.
- Conducted assessments to monitor hygiene behaviours and needs, using collected data to inform interventions.
- Promoted safe water handling, personal hygiene, and environmental sanitation to reduce the spread of diseases.
- Collaborated with local leaders and stakeholders to implement sustainable hygiene practices within communities.
- Responded to community concerns related to water, sanitation, and hygiene (WASH) and provided appropriate guidance.
